Northern Peak Chiropractic has only one goal. It is important that each patient understands both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxations. However, if during the course of chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of another health care provider.

Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. Our only objective is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjustments to correct vertebral subluxations.

All questions regarding the doctor's objectives pertaining to my care in this office have been answered to my complete satisfaction. I therefore accept chiropractic care on this basis.

X-Ray Authorization

As your healthcare provider, we are legally responsible for your chiropractic records. We must maintain a record of your x-rays in our files. At your request, we will provide you with a copy of the x-rays in our files.

Please Note: X-rays are utilized in this office to help locate and analyze vertebral subluxations. These x-rays are not used to investigate medical pathology. The doctor(s) of Northern Peak Chiropractic does not diagnose or treat medical conditions; however, if any abnormalities are found, we will bring it to your attention so that you can seek proper medical advice.

FEMALES: To the best of my knowledge, I believe I am not pregnant at the time x-rays are taken. _____ (initial)

Assignment of Benefits

I assign the rights and benefits of all applicable third party payments to Northern Peak Chiropractic for the service and supplies rendered during the course of my treatment. I agree to pay any deductible or copayment not covered by my insurance company, and further authorize the release of medical information as necessary to process my claims. I understand that any claims denied by the insurance company become my financial responsibility.

This assignment of benefits form includes all rights to collect benefits from the insurance company for services I have received. Additionally, I authorize Northern Peak Chiropractic all rights to proceed against the insurance company obligated to provide benefits in any action in which the insurance company fails to make payment that is due. This includes filing complaints directly to the insurance commissioners in the state I receive treatment and the state where the insurance company is physically located. Should Northern Peak Chiropractic receive any checks made payable to said provider and myself, I authorize endorsing and depositing the check as is standard business practice of my provider.
